

Bishops Frome Village Centre

Decorating the hall for parties and weddings

Just a few rules to prevent damage to the fabric of the building:

- Please do not use candles or any naked flames, or indoor fireworks.
- Please use the wooden rail provided all around the main hall to attach wall decorations – please do not use Sellotape, pins, nails or tacks on the walls or doors.
- Please don't take down the curtains unless you ask us first – they are not all the same and have to go back in order.
- Please do not attach decorations to, or within, the light fittings as this presents a fire risk.

Please remember to be inside with all the doors and windows closed by 11pm.

****Have a good time****
